Information regarding the availability and prices of fruits, vegetables, agricultural commodities and Live-stock products were furnished to the Military authorities and other Military contractors.

(P. N. No. 14—24-4-1952).

Press Note.

For the election to the Office of President which will take place on Friday, the 2nd May 1952, the Mysore Legislative Assembly Hall, Old Public Offices, Bangalore, is one of the places of polling. The elected members of the Mysore Legislative Assembly are entitled to vote at this place. The members of the House of the People and of the Council of States elected from the Mysore State may vote either at this place or at Room No. 63, Parliament House, New Delhi.

The hours of poll are 10 A.M. to 5 P.M.

(P. N. No. 15—24-4-1952).

Press Note.

As a measure of relief to the atchkatdars who have suffered on account of the failure of wet crops under the atchkat of 192 tanks in Shimoga Taluk due to scanty rains during the year 1949–50, seasonal remission of half wet assessment amounting to Rs. 9,482-10-6 is sanctioned for the year 1949-50.

(P.N. No. 16—25-4-1952).

Press Note.

The ban on working of rice hullers in the State during the Procurement Season notified in Government Notification No. S.D. 8508, dated the 21st January 1952, expires on the 1st May 1952, from which date owners of licenced hullers may resume working of hullers.

(P. N No. 17—26-4-1952).

Press Note.

Health of Livestock in Mysore State during March 1952.

In their order of severity, outbreaks of Rinderpest, Black-quarter, Foot and Mouth, Sheep-pox, Hæmorrhagic-septicæmia, Ranikhet, Anthrax, Rabies and Gastro-entritis were encountered in the State during March 1952. Altogether 214 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 396 villages during the previous month. The number of outbreaks was highest in Kolar, Tumkur and Shimoga Districts, while Mysore, Mandya and Chitaldrug Districts, were least affected. These diseases accounted for 2,002 attacks of which 555 succumbed. The departmental staff conducted 34,832 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Ten outbreaks of Rinderpest were registered in Challakere, Sira and Pavagada taluks accounting for 171 attacks, among cattle, of which 98 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 5,103 cattle in the infected villages and 3,846 cattle in 23 neighbouring villages were protected against this disease. The disease appeares to be well under control at the end of the month under report.

Diseases causes by internal parasites were reported from 117 villages accounting for 20 deaths, as against 118 villages accounting for 69 deaths during the previous month. The special staff attached to the parasitic disease control units of the departmen dosed 8,772 animals as against 8,731 animals during the previous month.

The rest of livestock remained free from diseases during the month and fodder and water were generally available throughout the State.

(P. N. No. 18—29-4-52).
